News for the customers and cooperation partners of Avatron Oy Ltd

New main owner for Avatron Oy Ltd

On September 26th 2008 Heatterm Oy, a company located in Loviisa, Finland, bought 100 % of the shares in Avatron Oy Ltd. Former owners Mr. Lauri Nieminen and Mr. Martti Bäckström remains in the company. Mr. Nieminen operates in the future as a Senior Advisor. Mr. Bäckström continues his work as Project Manager for MICROPERM –products. Heatterm Oy Managing Director Mr. Pasi Hämäläinen starts as MD for Avatron Oy Ltd.

Heatterm Group consists after this acquisition of five companies; Heatterm Oy, Elektropoint Oy, Combinent Oy Ab, Caprotek Oy and Avatron Oy Ltd. Group turnover is about 13 million euros and the number of employees is 80. Heatterm Oy is owned by its operating management and a venture capital management company, Sentica Partners Oy.

Heatterm Group designs and manufactures products used for ensuring reliable operation of electrical operating and control systems, functioning in all environmental circumstances.

All the companies in the Group support each other in their business areas and enable to manage more demanding projects. The competence and capacity in each company will serve the whole Group.

We hope successful partnership with our customers and cooperation partners in the future.
